

2013-15 Successful RADS applications

Region	Airport Name	Project Description	RADS Grant
Gascoyne	Cobra Station	Installation of runway lighting and marker cones for Royal Flying Doctor Service (RFDS) landings.	\$29,500
	Carnarvon	Maintenance of current runway and taxiway surfaces; construct runway end safety area (RESA); undertake runway design investigations	\$569,670
Goldfields-Esperance	Norseman	Study for runway	\$27,500
	Eucla	Install new windsock pole with solar lighting and pilot activations; upgrade runway lighting	\$14,629
	Norseman	Provide solar powered runway lighting	\$40,000
	Norseman	Upgrade signal area	\$3,602
	Leonora	Upgrade standby generator and apron floodlights	\$44,254
Kimberley	Balgo Hills	Complete airport fencing; provide an airfield equipment storage unit	\$22,500
	Bellburn	Upgrade runway, correct lighting, paint taxiway markers	\$17,600
	Djarindjin/Lombadina	Replace substandard boundary fencing, relocate primary windsock, provide a secure shed for airport plant and equip, develop a master plan	\$199,722
	Mitchell Plateau	Upgrade airstrip approaches, tree felling, new markers and clearing obstacle limitations surfaces	\$26,800
	Windjana Gorge	Upgrade runway and airstrip approaches including sheeting and widening, tree felling, fencing and strip markers.	\$237,200
	Kununurra (East Kimberley)	Geo-technical study; reseal and overlay of runway	\$1,617,759
	Kalumburu	Strip markers, repaint runway, windsock upgrade and vegetation clearing	\$23,600
	Mount House Station	Upgrade airstrip to required Special Regular Public Transport standards	\$30,000
	Mount Barnett	Widen runway and airstrip; replace windsock light and strip markers; clearing within fence line	\$53,400
Berkeley River	Construct gravel airstrip suitable for RFDS and in support of Department of Fire and Emergency Services activities in this region.	\$126,405	
Mid West	Geraldton	Enrichment seal for runway 03/21	\$202,500
	Eneabba	Solar runway beacons	\$38,816
	Mount Magnet	Submersible electric pump for non- potable water supply to terminal	\$7,500
	Morawa	Develop a master plan	\$20,000
	Mount Magnet	Replace cones and gables	\$10,000
	Mount Magnet	Filling of depressions in the runway	\$25,000
	Mount Magnet	Wind indicator and emergency lighting	\$7,500

Region	Airport Name	Project Description	RADS Grant
--------	--------------	---------------------	------------

South West	Busselton	Upgrade security fencing from 1.2m to 1.8m	\$8,710
	Busselton	Overlay and extend existing taxiway; extend internal airport roadway to allow for development of new hangar.	\$108,746
	Collie	Trim and remove trees; paint line markers	\$23,265
	Bunbury	Fencing and building of new taxiways	\$141,786
	Goomalling	Develop a master plan to review the current airstrip	\$25,000
Wheatbelt	Jurien Bay	Construct general aviation area for hangars and taxiways	\$28,970
	Merredin	Installation of the airport vermin fencing and the replacement and relocation of the windsock towers	\$151,500
	Northam	Resurface apron	\$64,875
	Southern Cross	Improve current apron	\$103,711
